

CONNOR CAIN

CV & PORTFOLIO

020 4067 5978 | connnnorcain@gmail.com | <https://connorcain123.github.io>

PROFESSIONAL PROFILE:

As a recent graduate of Otago Polytechnic, I am looking for the chance to start my career, learn from other IT professionals, build on my existing skills, and gain valuable experience.

During my time at Otago Polytechnic, studying towards a Bachelor of Information Technology, I was fortunate enough to work on diverse projects with 'real-world' clients that put my skills to the test. I am eager to apply and refine these skills to become a valued member of the team.

I enjoy thinking creatively and I thrive on learning new ways to approach and solve problems. I am equally comfortable working independently or in a team setting and I look forward to the opportunity to learn from my colleagues.

EDUCATION:

BACHELOR OF INFORMATION
TECHNOLOGY WITH MERIT
Otago Polytechnic | 2016 - 2019

CERTIFICATE OF INFORMATION
TECHNOLOGY LEVEL 4
Otago Polytechnic | 2016

SKILLS:

Programming Languages
-Python, C#, C++, Java, JS & PHP

Methodologies
-Agile, Scrum & Kanban

Web Development
-HTML, CSS, Django, React,
ASP.NET & Bootstrap

Databases
-MongoDB, MariaDB, MySQL & SQL
server

HOBBIES & INTERESTS:

I enjoy problem solving and creating goals for myself. In my spare time I enjoy going skateboarding, playing video games, and attending concerts with friends. I also enjoy designing and building computers and computer software.

REFERENCES:

References are available upon request.

WORK EXPERIENCE:

Store Person

Emergent Cold LTD | Timaru | Jan 2020 - May 2020

This position involves organizing and distribution of imported goods to be ready for the export market. Doing this allows me to focus on maintaining a high attention to detail and quality control. This role allows me to be part of an effective team and build my communication skills.

Liquor Assistant

PAK'nSAVE | Timaru | 2014 - 2019 (Summer job)

During my time as a liquor assistant, I was responsible for daily stock level management, both in the warehouse and the retail store. This involved dealing with customer queries, occasionally managing and training staff as well as keeping my department fully stocked and to an acceptable standard. During this role I was able to learn how to be an effective communicator and functioning team member, while developing excellent time management techniques.

PAST PROJECTS:

Stroke Visual Rehabilitation Games

Unity | C# | TOBII API

Worked alongside two other Otago Polytechnic students and the head of Otago Polytechnic's Occupational Therapy school to create a collection of games based around Tobii's eye tracker for stroke patient rehabilitation.

OH! Sugar Android Mobile Application

Android Studio | Java | MYSQL | Web scraping

Worked alongside one other Otago Polytechnic student to create an android mobile application where users could build shopping lists to track their overall sugar intake. Users could scan barcodes or search a database to find food items sugar content. Users could then view the sugar total of their entire list, compare food items, and view healthier alternatives from the database.
